Dear Laura Fisher:

Please find enclosed a copy of the pollution control set back. This is what the covenant is for.

Also I've sent you a copy of the Water Well Maintenance Agreement.

I called Whidbey Well Drillers. He did not have a log because my husband had drilled most of the well. The well is 180' deep. He said there was hard pan up to 160' and then sand. A 6" diameter stainless casing was used. He put also a screen in and a concrete surface seal was put in. I hope this information will be sufficient.

Also I have sent a check for \$75<sup>00</sup> to cover the well site inspection.

Sincerely

Sharon C. Adams
